CERAMICS

VASES . POTS . BOWLS . CARAFES . TRAYS . PENHOLDERS . CANDLEHOLDERS

A new series of beautiful designed ceramics has been added to the popular OOhhX collection. The products are produced using solar energy as well as water recycling and therefore following the strong DNA which Lübech Living is so well known for in the interior business. The products are shaped with beautiful lines and details. The colors are well balanced and fit perfectly with the stunning designs. The series consist of pots, vases, trays, bowls and carafes.

OOhhX Ceramics O1 and O2 are the perfect supplement to the benchmark products from the OOhh collection.
